Tackling future challenges in Digital skills for VET Trainers

The final event of the ***Deal with Digital WBL*** project is intended to emerge as a platform to reflect and consolidate achievements in improving digital skills for VET – vocational education and training trainers.

The Deal with Digital WBL team highlights can be made available to participants and will serve as a forward-looking discussion on sustaining and scaling these outcomes to meet the evolving demands of the European digital landscape.

The event will emphasize the pivotal role of VET trainers in equipping learners with future-proof competencies through cutting-edge digital tools and innovative pedagogies.
