Dear Parent/Carer,

Your son/daughter has been selected to take part in an exciting research project by *Science Made Simple*, which is designed to explore the effectiveness of using performing arts in science education. The benefits of participating in the project include getting involved in a unique learning experience where students will have the opportunity to approach scientific issues with artists and scientific researchers. They will also receive training in performing arts and will build valuable transferable skills, desirable for future STEM careers and jobs.

Students taking part in this project will be actively involved in a set of workshops designed to encourage collective reflection and dialogue with early career researchers about STEM and relevant scientific topics. The first workshop is taking place on **Tuesday 26th April** with following workshops and interviews taking place over the course of the year.

The workshops will be recorded in video and audio formats enabling researchers to compare interventions over time and track changes within the group. The assessment will also include a social media analysis of participants' interaction related to the study in social platforms. The data generated in this study will be used for basic science research; it will not be used with any commercial purpose.

This is an exciting opportunity for our young scientists to interlink these two disciplines and work with professionals in these fields. Please could you sign the reply slip below giving your consent for your child to take part in this project and **return it by Friday 18th March**.

If you would like further information on this project, please do not hesitate to contact me on nth@fairfield.bristol.sch.uk

Yours sincerely

Miss N Thompson
Teacher of Dance and Science

Dear Ms Thompson (Anisa's Science Teacher)

I have given Anisa permission to do the Science workshop however she lost her letter and she forgot to collect a spare yesterday. I wouldn't want her to be filmed however, if she is in the background, I won't mind.

Yours Sincerely,

I. ALI

Leanne Gunn
